## **Antibiotics: History, Use and Abuse** Approved for Standard of Excellence Points

Friday, September 11, 2020.....9:30 a.m.

.....Deal Six Auditorium

Presenter: Jeff Sigler, PharmD, R.Ph.

Jeff Sigler is a pharmacist and owner of three Sigler Pharmacies in Lawrence and Lenexa, Kansas. He is the owner and editor for SFI Medical Publishing, a national publisher of study guides for medical students.

When are antibiotics to be used? Can antibiotic resistant bacteria pose a serious threat to human life? How do they work? When is an illness treatable with antibiotics? When does use become abuse?

Participants will gain an understanding of antibiotics' history, development through scientific research, and improvement as a life-saving medicine.
